## EDUCATION

### Information Technology

POSTS AND TELECOMMUNICATIONS  
INSTITUTE OF TECHNOLOGY  
2020 - 2025

- **Study Encouragement Scholarship:**  
2 for good, 1 for excellent
- **GPA:** 3.31

## SKILLS

### Framework Frontend

- React Native, React JS
- HTML/CSS/JavaScript, Typescript
- Redux, React Hooks

### Backend Development

- Nodejs, Express, JWT

### Databases

- MySQL, MongoDB
- Realm Database

### API Development

- RESTful APIs

### Version Control Tools

- GitHub, GitLab

### Programming Concepts

- Data Structure and Algorithms

## CERTIFICATES

### 750 TOEIC

12/2021

## PRIZES AND AWARDS

### ICPC PTIT - PROGRAMMING CONTEST

Consolation Prize  
2022

## OBJECTIVE

Eager to contribute to a dynamic team and acquire hands-on experience in the field.

My long-term goal is to ultimately advance into a senior role, and stay at the forefront of progressive mobile development.

## WORK EXPERIENCES

### Android Developer

SY PARTNERS

03/2024 - Present

- Engaged in diverse projects, designing and constructing appealing applications.
- Utilized Android development tools and libraries, and effectively leveraged Kotlin.
- Collaborated effectively with team members to achieve common goals.
- Worked independently and took ownership of project tasks.

### React Native Developer

LASBOM

07/2023 - 01/2024

- Designed and developed applications like video editing tools, music players, and movie apps using React Native.

## PROJECTS

### Budget Management

03/2024 - 04/2024

**Description:** A mobile app to help users efficiently track and manage their finances.

**Position:** Frontend and Backend Developer

**Source code:** <https://github.com/izanamiz/budget-app>

#### Techniques Used:

- Frontend: React Native, Typescript
- Backend: Node Js, Express, JWT
- Database: MongoDB

#### Key Features:

- **Sign Up:** Register for a new account if you are a new user.
- **Log In:** Access your account if you are an existing user.
- **Manual Entry:** Enter income and expenses manually with detailed information.
- **Categorization:** Allows users to categorize transactions into various categories.
- **History Display:** Shows transaction history with search and sort capabilities by date, category, or amount.
